Management tools

BMC, UEFI, and update tools

Management tools overview

The ST250 V3 supports the same management tools as other Intel-based ThinkSystem servers. This includes XClarity Controller (XCC), XClarity Provisioning Manager (LXPM), XClarity Essentials (LXCE), and XClarity Administrator (LXCA). For more information about ThinkSystem tools, refer to the following resources:

Lenovo

VROC management tools

The ST250 V3 supports Intel VROC. VROC enables RAID capabilities on drives without PCIe RAID adapters.

VROC supports RAID 0, 1, 5, and 10.

For more information about how to set up VROC on the system, refer to course ES51780C –Servicing the ThinkSystem storage controllers.
